TRACE

GSTA'S PLUS

A solution for every team:

- **Optimize session organization**
- **Provide the trainer's expertise** at key moments in the training process
- Enable trainees to **learn at their own pace**, with predefined objectives
- **Track return on investment** with clear indicators

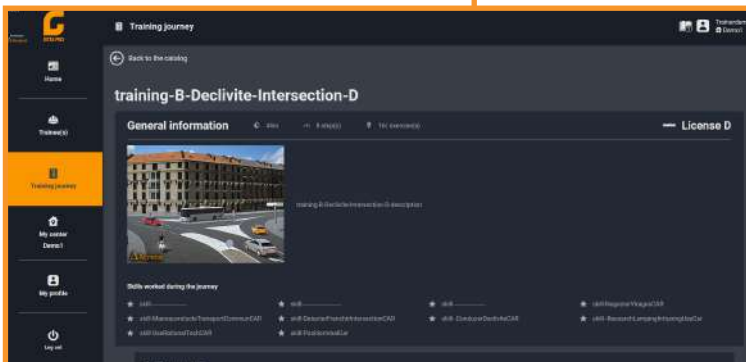

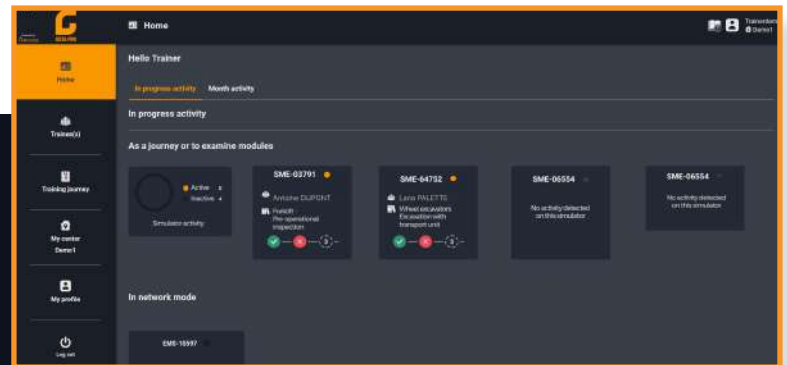

» SECURE ACCES

Each member of the organization has a personal account to manage the various stages of training. Trainees also have their own login on the simulator, limited to the content assigned to them by the trainer.

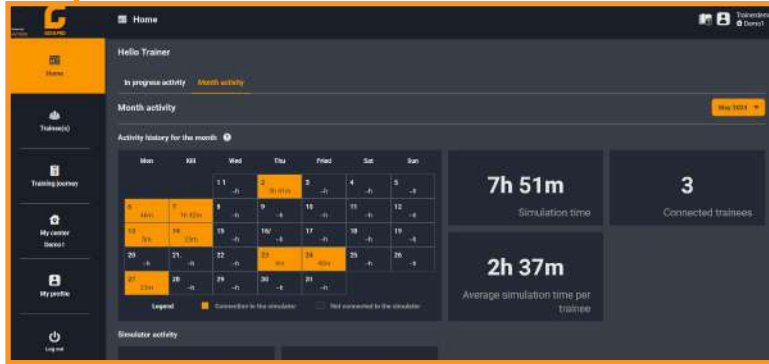

DASHBOARD «

Keep an overview and track simulator activity in real time. Analyze training time and platform use to increase training efficiency and optimize resources.

» PRE-DEFINED, CUSTOMIZABLE TRAINING COURSES

Choose from predefined curricula available, such as an initial assessment, theme-based workshops, or customize your own to perfectly suit your training processes.

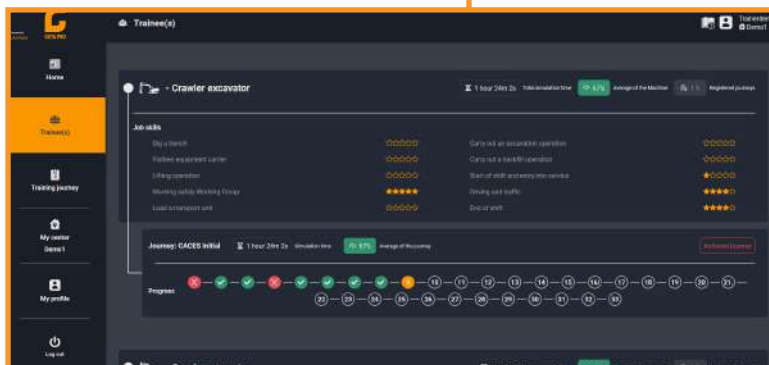

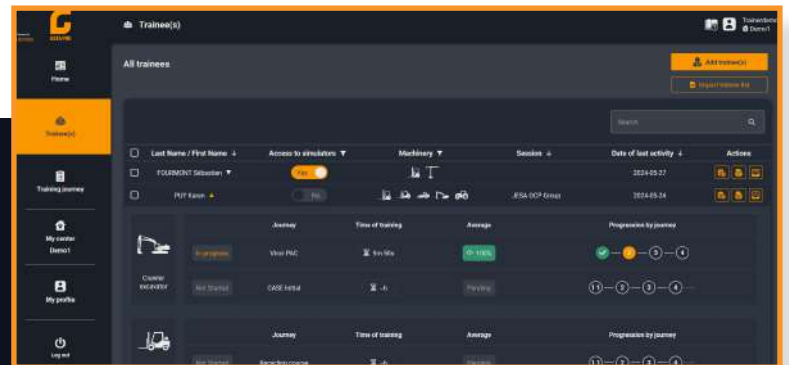

» PLAN AND SET OBJECTIVES

Prepare and optimize your sessions in advance. Assign each learner their own training path so that they progress step by step within the framework you have defined.

INDIVIDUAL AND GROUP FOLLOW-UP «

Track your trainees' progress through the various training modules with data on their skills, performance and use of the simulator.

» SKILLS ASSESSMENT

Access detailed, illustrated results reports at any time to assess your trainees. Identify their strengths and analyze areas for improvement to fine-tune their skills.

ACREOS BENEFITS

» DATA TRACEABILITY (PDF)

Generate & archive training assessments by name. Store training themes and durations, as well as trainee learning notations. This way, you can keep a record on the curricula your trainees have completed.

» THE POWER OF THE CLOUD

Centralize, secure and store skills assessments on a single interface the Cloud. Review them easily in any time, wherever you are, with no risk of losing data, thanks to a secure online backup system.

» SPARE TIME: PAIR GSTA WITH YOUR CURRENT ERP/LMS SOFTWARE!

Integrate your business software directly with Gsta to save time and optimize administrative processing.

GSTA makes my training sessions easy to organize, from planning to to evaluation. I centralize the management of my trainees in a single tool, regardless of the site where they are working.

Coordination with site team members is much smoother. Sessions are prepared in advance by the administrative teams, and trainees start their simulator training straight away, with optimal follow-up by the trainers and no loss of time.
